Alex,

Per the City (we met with them March 29th) the only permits we are required to pull are for lane closures. I've copied Kevin for confirmation again --

Thanks,

Good morning Blair,

I wanted to use this email to formally introduce you to our trimming partner Jose Gomez of Gomez Tree Care.

Yesterday morning the traffic committee requested we obtain a tree pruning permit from the Urban Forestry Department so they may continue with the process of approving traffic control plans.

Today Jose is working on getting this permit. The Urban Forestry Department may contact you, Blair with questions. If you have any questions from Jose or myself we are readily available.

As of now we have requested work week of June 20th for the permit approval process. We hope to have met all the committee's requirements in time to meet this date.

Here is everyones respective contact info:
